

COMMUNITY RELATIONS

Parent-Teacher Association, Parent-Teacher-Student Association, and Other School-Community Organizations

The Board of Education recognizes that the educational program functions best in a framework of cooperation in which the teacher, the parent, and the citizens of the community work as a team in providing the kinds of educational program that today's youth needs.

In a large part, the effectiveness of this team work is dependent upon the cooperation which exists between the school and the home. The Parent-Teacher Association (P.T.A.) and the Parent-Teacher-Student- Association (P.T.S.A.), the Minneapolis Citizens Committee, the Community Advisory Council and many other organizations are dedicated to improving this relationship and developing community support for quality education.

The Parent-Teacher Association units, the Parent-Teacher-Student Association units, and the Community Advisory Council in our schools are viewed by the Board of Education as sincerely interested in and staunch supporters of public education in the district.

All members of the Minneapolis Public Schools are to be encouraged to be participating members in the Parent-Teacher Association, the Parent- Teacher-Student Association, or the Community Advisory Council, as well as other community organizations of their choice.
