STUDENTS

Dress

Student dress must conform to the requirements of law and must not be disruptive to the educational process.

The standards of dress for school should conform to the standards generally accepted by the local community. The administration with student and parent cooperation is encouraged to participate in establishing acceptable minimum standards for student dress.

Unless some standard of appearance presents an obvious health or safety hazard to the student or others involved in the school's activities, student dress and grooming is the responsibility of the parents and the students.
